CABAL (NAMOR'S)

HISTORY: When cosmic incursions began destroying entire realities via the collisions of their respective Earths, Earth-616's secret hero group the Illuminati decided to sacrifice the alternate Earths before the collisions, thus sparing both realities. However, when it came time to destroy the unstable Earth-420501, only the Atlantean king Namor was willing to proceed. Leaving the Illuminati, he chose to go his own way, the more infamous Maximus and several Illuminati members, the mad Titan Thanos, Thanos' genetic Corvus Glaive and Proxima Midnight, Tera's Truly Enlightened (the head of the 13054th Galactus) and the enigmatic alternate Earth-destroying Black Swan. Dubbed the Cabal, this group devastated and destroyed Earth-420501 before it could collide with Earth. Unlike the Illuminati, who had intended to destroy worlds meticulously, the Cabal ravaged the planet, slaying its citizens and their apothymic deities, before destroying the globe with the Illuminati's world-killing anti-matter bombs. In order to prevent their actions from being impeded, Thanos addressed the world's leaders at the United Nations, promising to keep the Earth safe by destroying alternate Earths—in exchange for granting the Cabal control of Wakanda. The UN, learning of the threat posed by the incursions for the first time, agreed. Soon, the Cabal turned Wakanda into a wasteland, and took the Neopolis, the Wakandan city of the dead that had formerly served as the Illuminati's headquarters, as their base. Illuminati member Iron Man (Tony Stark) launched an attack on the Cabal, but they defeated and captured him.

Although he maintained a facade of amorality, Namor began to question the wisdom of what he had unleashed. During an attack on the feudal world Earth-47862963, he saw that while the Illuminati's plan to Earth-616's counterpart was an Illuminati member while attacking Castle Fintastic, and attempted to provide his wife, Susan, with a peaceful death, he was horrified when Proxima Midnight unconsciously impaled her. Namor was further disillusioned when the Cabal humiliated and slough-

CURRENT MEMBERS: Black Swan (Mabel Utrium Tera), Corvus Glaive, Maximus, Proxima Midnight, Namor (Atlantean), Tera's Truly Enlightened, Thanos.
BASE OF OPERATIONS: Neopolis, Wakanda
FIRST APPEARANCE: New Avengers 403 (2014)

tered the hero: Squadron Supreme of Earth-31916 before destroying their world. Upon his return to Earth-616, he sought despotic Dr. (Victor von) Doom's aid in finding a solution to the incursions. Doom declined, not seeing Namor as a broken fellow. In Namor's absence, Corvus Glaive, Thanos, and Tera attacked Earth-71022, taking their Earth's mutant X-Men and making their leader, Illuminati member Charles Xavier, beg for a merciful death before ending his world. Anticipating an attack, Proxima Midnight and Maximus remained in the Neopolis, which soon came from the sibling Black Panther T'Challa and Shuri, and a team of Wakandan soldiers. When T'Challa told departed the battle, Shuri remained behind, and apparently perished following Proxima Midnight.

Realizing the Cabal needed to be stopped, Namor returned to the Illuminati and plotted with them to destroy the Cabal. The Illuminati planned to trap the Cabal on their next target world, Earth-15240, with AIM (Advanced Idea Mechanics)'s Escalation base field generator, preventing them from escaping before the world exploded. The plan initially succeeded, the Cabal was too distracted by a battle with the robotic world-harvesting Sigen Mera to notice the Escalation's activities. At the last minute, T'Challa and Illuminati king Black Bolt double-crossed Namor in response to his crimes against them, leaving him trapped with the rest of the Cabal on the doomed world. Luckily for the Cabal, Earth-15240 experienced a second simultaneous incursion event, allowing them to escape to the next reality, Earth-1513, where the Miles (Shi) reality's universal Flood (Pickards) had also been destroying alternate Earths to save his own.

(CLOCKWISE FROM TOP): THANOS, CORVUS GLAIVE, BLACK BOLT, NAMOR, MAXIMUS, PROXIMA MIDNIGHT, TERRA'S

DEADPOOL: PAWS PROSE NOVEL HC

ON SALE AUGUST 2015

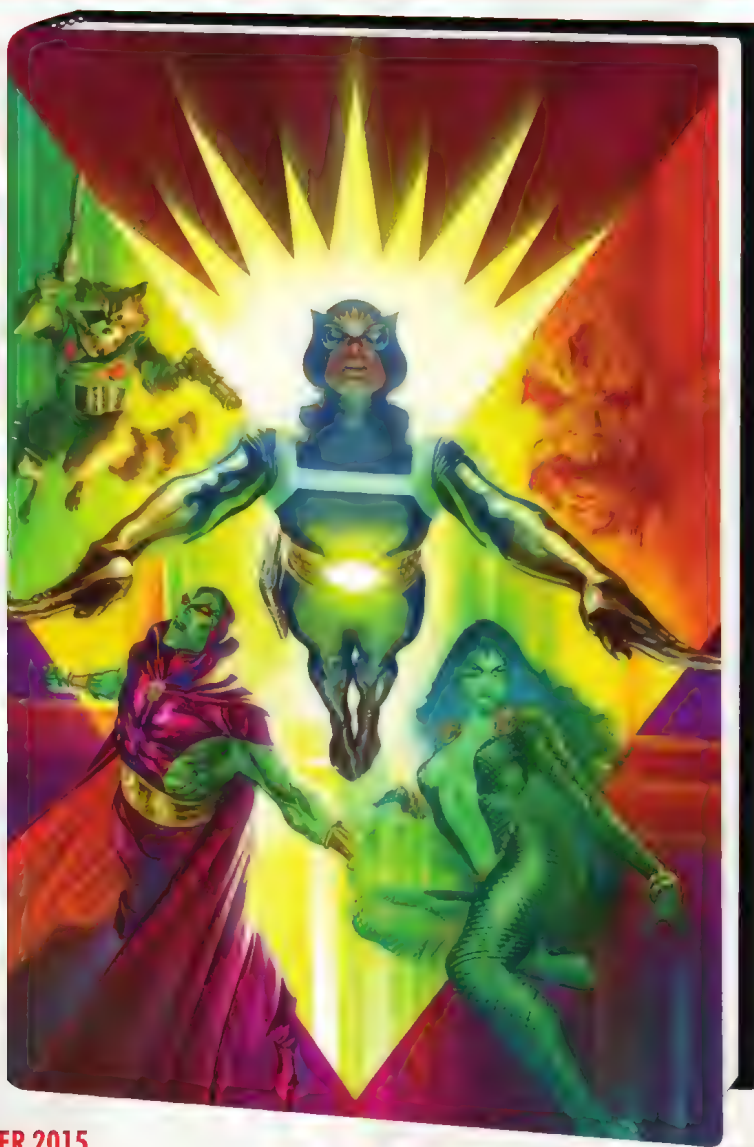

WRITTEN BY STEFAN PETRUCHA

Marvel's popular Merc with a Mouth in an all-new **ARRGGH** * Hey hey, book readers, take off those big thick glasses — this is Deadpool speaking! Sorry Marvel, somethin' happened to your copy guy. Anyway, this is my first prose novel, and they got this dude Stefan Petrucha to write it. He's good people — he's written novels (Ripper, Dead Mann Walking) and comics (Power Rangers, X-Files). But here's the thing: This book is about dogs. Dogs that turn into big nasty monsters. And then I gotta kill 'em. Thing is, I like killing people — the ones that deserve it, anyway — but I won't kill dogs. No way. So that's what we call a character dilemma. What — wait for the paperback? Who said that?! I'll gut you right now—
